Home phone #: _____ Cell # _____

Today's date: _____ Current GPA: _____ (Must be 2.0 or higher)

Only KBCC students are eligible for the James Goetz Photo Essay Competition.

Check one:

Biology major. Presently enrolled in a biology course: _____
course + section

Not Biology major. Completed/taking a biology course: _____
course + section

THEME: *Beautiful Patterns in Nature* This photo essay will focus on the endless patterns that nature provides. Whether it is the branching pattern a tree, the spiral swirl of a shell or the perfect ring of petals on a flower, nature is full of patterns for the keen observer. The edge of a leaf may have a scalloped or serrated edge. A bird feather or insect wing reveals checks or stripes. A dog has spots. Can't go outside? Check the fridge! Onions have rings. Lettuce has veins. Mushrooms reveal perfect gills. Get creative and test your photography skills!

Part B: PHOTOGRAPHS

Applicants must submit a narrated slide presentation consisting of **10 original photographs**. The presentation must be submitted as a Power Point presentation (.ppt). Narration must describe the content, location and and date of each photograph, as well as how each photograph relates to the theme. Narration must be in the applicant's voice. The applicant's CUNY ID must be visible in the corner of each photograph (not pasted in--place your ID in the frame before taking the photo).

Part C: SUBMISSION DIRECTIONS From your **KCC email address**, send this application and the slide presentation by **May 1st** to christina.colon@kbcc.cuny.edu. Attachments larger than 20MB may need to be compressed or sent as MS Office 365 link. Any questions about submission can also be sent to this email. The winner will be announced via email on **June 1st**. Only those who meet all eligibility criteria and satisfy the guidelines will be considered.
