DEPARTMENTAL ACTION

Action by Department and/or Departmental Committee, if required:

Date Approved: _____ Signature, Committee Chairperson: Tyronne Johnson

If submitted Curriculum Action affects another Department, signature of the affected Department(s) is required:

Date Approved: _____ Signature, Department Chairperson: _____

Date Approved: _____ Signature, Department Chairperson: _____

I have reviewed the attached material/proposal

Signature, Department Chairperson: Tyronne Johnson

TO: Fall 2023 Curriculum Committee

FROM: Tyronne Johnson, Chair, Department of Allied Health, Mental Health and Human Services

DATE: 10/4/23

RE: Change in Pre-/Co-requisite for ST 6P00 – Practicum IV

The Department of Allied Health, Mental Health and Human Services is proposing a change in the Pre-/Co-requisite for ST 6P00 – Practicum IV.

FROM:

Prerequisite: ST 500 and ST 5P00

Corequisite: ST 600

Pre-/Co-requisite: ST 4500

TO:

Prerequisite: ST 500 and ST 5P00

Corequisite: ST 600

Pre-/Co-requisite: **NONE**

Rationale for Change:

The ARC/STSA is a private, non-profit accreditation services agency that provides national recognition for more than 400 higher education programs in surgical technology and surgical assisting in collaboration with the Commission on Accreditation of Allied Health Education Programs (CAAHEP). The ARC/STSA has established August 1, 2024, as the date for full implementation of the Core Curriculum for Surgical Technology (CCST), 7th edition. Surgical Technology programs must be utilizing the (CCST), 7th edition, in its entirety after this date.

The Core Curriculum Revision Panel began the process of completing a peer-reviewed revision of the Core Curriculum for Surgical Technology (CCST), 7th edition, in February 2019. The Panel consisted of representatives of the Association of Surgical Technologists (AST), the Accreditation Council on Surgical Technology and Surgical Assisting (ARC/STSA), and the National Board of Surgical Technology and Surgical Assisting (NBSTSA). The Panel focused on multiple transformations that have occurred in the profession since the publication of the 6th edition while preserving the principles of the entry-level knowledge that the graduate needs to provide safe, quality surgical patient care.

Based on ARC/STSA CCST-7e requirements a number of revisions to Kingsborough's Surgical Technology curriculum was completed in order to ensure full compliance with the ARC/STSA CCST – 7e.

In addition, the program had its reaccreditation visit in June 2023 by the ARC/STSA. They made a number of recommendations for the program.

Material covered in ST 4500 – Surgical Pharmacology has been distributed to ST 300. In addition, the changes to course sequencing, with ST 400, ST 4P00 and ST 300 and ST 3P00 be taken in the same semester, allowed for better alignment with student clinical and lecture expectations, in turn making ST 4500 redundant within the curriculum.

In turn, an update to the pre-/co-requisite for the course was required to reflect these changes.
