

## The Program

Students must enroll in:

HE35: First Aid and Personal Safety

SD11: Career and Life Planning In Health Care Professions

This Initiative also includes CPR and AED Certification through the American Red Cross Association, in addition to 30 hours of hands-on activities.

## Help guide your career in Health Services!

Is Health Services in Your Future? As part of the BSI Initiative, students interested in health services will take college-level classes to gain a deeper understanding of the industry. This program will provide students with hands-on interaction with instructors and health care practitioners. This experience will help students decide if a career in the health sciences is in their future.
