

Dear Colleague,

Enclosed you will find a Pathways Transfer Agreement for your consideration and signature. We have changed the admission criteria of the nursing program to be more in line with the college's admissions policies. This change allows even greater accessibility for your nursing graduates to SUNY Empire State College's nursing program. Please know that we always give preference in admission decisions to New York State residents and that we will work closely with your graduates to offer them the first available class opening upon enrollment.

We are pleased to add a new option to the agreement that we believe will greatly enhance our partnership. Enclosed you will find a list of courses that can be taken by your students via cross-registration while still enrolled at your campus. These four credit upper level offerings will be accepted in transfer at the time your graduates enroll with SUNY Empire State College. The students receive the benefit of earning upper level credits that are directly applicable to their next degree. This agreement will be in place through December 31, 2016.

We will continue to provide informational sessions and materials to you, your students and your faculty upon request. Please do not hesitate to contact Erin White, Coordinator of Student Services at (518)587-2100 x2812 or erin.white@esc.edu with any questions or concerns. Please return signed agreement to Erin White, RN to BSN Program, Empire State College, 113 West Avenue, Saratoga Springs NY 12866. Once all signatures are in place a copy will be sent to you for your records.

Sincerely,

A handwritten signature in cursive script that reads "M. Bridget Nettleton".

M. Bridget Nettleton, PhD, RN
Dean, Nursing Program

Pathways Transfer Agreement (MOU) RN to BSN

SUNY Empire State College (ESC) and CUNY Kingsborough Community College (KCC), agree to a Pathways Transfer Agreement in Nursing. The agreement is designed to support transfer students during their transition to ESC, and intends to:

- Ensure a smooth transfer for KCC graduates to ESC;
- Ease the transition process for graduates changing from classroom-based learning to an educational model comprised significantly of online coursework;
- Provide an affordable and convenient baccalaureate degree option for KCC graduates who want to remain close to their homes and/or community;
- Provide clear guidelines for KCC graduates to follow during the transition.

ESC will offer Associate degree graduates in nursing from KCC an opportunity to participate in the Pathways Transfer Program into the Bachelor of Science degree in nursing program. KCC graduates meeting ESC's admissions requirements will become ESC students upon admission.

Admissions Requirements

- Completed AS degree in Nursing
- Possession of an active, unencumbered nursing license (RN)
- Completed ESC admissions application (including essay)

While enrolled at ESC, students in the Pathways Program may cross-register for up to 16 credits at KCC. These lower-division credits will be applicable to general education requirements in the baccalaureate degree program. The minimum number of credits to be taken at ESC would be at least 45 advanced-level credits, which would include 41 credits in nursing. Up to 83 total credits could be included from KCC.

Enclosed you will find a list of courses that can be taken by your students via cross-registration while still enrolled at your campus. These four credit upper level offerings will be accepted in transfer at the time your graduates enroll with ESC. The students receive the benefit of earning upper level credits that are directly applicable to their next degree.

A benefit for KCC is the potential to receive additional tuition revenue for up to 16 credits for each Pathways Program student. In addition, each participating student will be able to transfer all credits earned as part of their associate's degree to ESC.

As part of the agreement, ESC will provide the following: outreach to faculty and transfer office staff at KCC to provide program information, and offer information sessions for students on the KCC campus, at ESC locations, and online.

KCC agrees to provide: (1) access for cross-registered Pathways students to campus facilities and resources (i.e. Library, academic support, computer labs), (2) promotion of the program on campus to current students, faculty advisors, and alumni, and (3) to include this transfer agreement in any college publications where such agreements are listed (i.e. college catalog, website, transfer office brochures).

Nursing students may enroll at ESC on a full or part-time basis.

Demand for this program is expected to be high. Students from KCC who are interested in the RN to BSN program are welcome to apply and will be considered as space is available. The transfer conditions are applicable to all admitted students.

Signatures to the Agreement

SUNY EMPIRE STATE COLLEGE

- Provost: William W. W. W. Date 4/16/2015
- Dean of Nursing: M. Bridget Nettleton Date 3/30/15
